

EXTENDED SHELF LIFE

Shelf Spotlight

Shine a colorful painted “spotlight” on a wall-mounted shelf to draw attention to a mini collection.

You'll Need:

Dutch Boy® Platinum® Plus paint	Level
Paintable decorative shelf	Tape measure
Flat paintbrush	Pencil
Mini woven roller cover and roller frame	Thumbtack
Mini tray	String
Painter's tape	Drop cloth
Fine-grit sandpaper	Clean, damp cloth

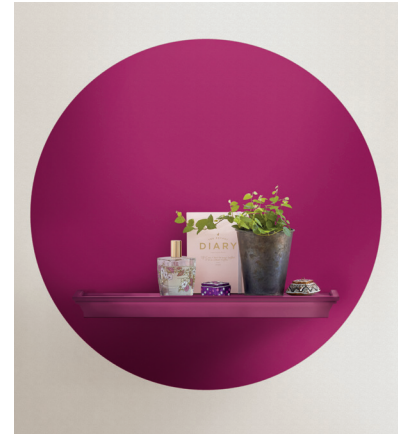

Here's How:

-
- Step 1** Wipe wall with the clean, damp cloth to prepare surface.
 - Step 2** Lay down a drop cloth to protect floors.
 - Step 3** Cut a piece of string that equals one-half the length of the shelf plus 3 inches.
 - Step 4** Determine position of circle by using the pencil to lightly mark the center, making sure to leave room for entire circle.
 - Step 5** Tie one end of the string tightly around the pencil and secure the other end to the center of the circle with a thumbtack.
 - Step 6** Starting at the bottom and keeping string taut, lightly draw a circle by moving pencil clockwise until circle is complete.
 - Step 7** Affix painter's tape to outside edge of the circle, using small strips of tape to create rounded edges; press tape firmly to wall to ensure a tight seal.
 - Step 8** With the mini woven roller, paint inside the taped circle.
 - Step 9** Remove painter's tape while paint is still damp; clean up any mistakes with the clean, damp cloth; allow paint to dry, following suggested drying time on the can label.
 - Step 10** Sand shelf and wipe with clean, damp cloth to remove dust or debris; with the flat brush, paint shelf the same color as the circle and allow paint to dry, following suggested drying time on the can label.
 - Step 11** Mount shelf in the circle, using the level to ensure that shelf is straight.
